

Publications for Vivien Chen

2018

Kershaw, G., Dissanayake, K., Chen, V., Khoo, T. (2018). Evaluation of chromogenic factor IX assays by automated protocols. *Haemophilia*, 24(3), 492-501. [More Information]

Vanguru, V., Kershaw, G., Konda, M., Chen, V. (2018). Laboratory monitoring issues in recombinant porcine FVIII replacement in acquired haemophilia A. *Haemophilia*, 24(2), e70-e74. [More Information]

Pasalic, L., Wing-Luna, E., Lau, J., Campbell, H., Pennings, G., Lau, E., Connor, D., Liang, H., Muller, D., Kritharides, L., Hogg, P., Chen, V. (2018). Novel assay demonstrates that coronary artery disease patients have heightened procoagulant platelet response. *Journal of Thrombosis and Haemostasis*, 16(6), 1198-1210. [More Information]

Reddel, C., Pennings, G., Curnow, J., Chen, V., Kritharides, L. (2018). Procoagulant Effects of Low-Level Platelet Activation and Its Inhibition by Colchicine. *Thrombosis and Haemostasis*, 118(4), 723-733. [More Information]

2017

Pasalic, L., Pennings, G., Connor, D., Campbell, H., Kritharides, L., Chen, V. (2017). Flow Cytometry Protocols for Assessment of Platelet Function in Whole Blood. *Methods in Molecular Biology*, 1646, 369-389. [More Information]

Abed, H., Kilborn, M., Chen, V., Sy, R. (2017). Reversal agents in the era of NOACs. *Journal of Atrial Fibrillation*, 10(4), 1-5. [More Information]

2016

Thoms, J., Knezevic, K., Liu, J., Glaros, E., Thai, T., Qiao, Q., Campbell, H., Packham, D., Huang, Y., Chen, V., et al (2016). Arrested Hematopoiesis and Vascular Relaxation Defects in Mice with a Mutation in Dhfr. *Molecular and Cellular Biology*, 36(8), 1222-1236. [More Information]

Pasalic, L., Williams, R., Siupa, A., Campbell, H., Henderson, M., Chen, V. (2016). Enumeration of extracellular vesicles by a new improved flow cytometric method is comparable to fluorescence mode nanoparticle tracking analysis. *Nanomedicine: Nanotechnology, Biology, and Medicine*, 12(4), 977-986. [More Information]

Schulman, S., Bendapudi, P., Sharda, A., Chen, V., Bellido-Martin, L., Jasuja, R., Furie, B., Flaumenhaft, R. (2016). Extracellular Thiol Isomerases and Their Role in Thrombus Formation. *Antioxidants & Redox Signaling*, 24(1), 1-15. [More Information]

Wong, C., Ng, A., Lau, J., Chow, V., Chen, V., Ng, A., Yong, A., Sindone, A., Marwick, T., Kritharides, L. (2016). High mortality in patients presenting with acute pulmonary embolism and elevated INR not on anticoagulant therapy. *Thrombosis and Haemostasis*, 115(6), 1191-1199. [More Information]

Abed, H., Chen, V., Kilborn, M., Sy, R. (2016). Periprocedural Management of Novel Oral Anticoagulants During Atrial Fibrillation Ablation: Controversies and Review of the Current Evidence. *Heart, Lung and Circulation*, 25(12), 1164-1176. [More Information]

Pasalic, L., Wang, S., Chen, V. (2016). Platelets as Biomarkers of Coronary Artery Disease. *Seminars in Thrombosis and Hemostasis*, 42(3), 223-233. [More Information]

2015

Hua, V., Abeynaike, L., Glaros, E., Campbell, H., Pasalic, L., Hogg, P., Chen, V. (2015). Necrotic platelets provide a procoagulant surface during thrombosis. *Blood*, 126(26), 2852-2862. [More Information]

Hua, V., Chen, V. (2015). Procoagulant platelets and the pathways leading to cell death. *Seminars in Thrombosis and Hemostasis*, 41(4), 405-412. [More Information]

2013

Chen, V., Hogg, P. (2013). Encryption and decryption of tissue factor. *Journal of Thrombosis and Haemostasis*, 11(Suppl 1), 277-284. [More Information]

2004

Chen, V., Thrift, K., Morel-Kopp, M., Jackson, D., Ward, C., Flower, R. (2004). An Immediate Hemolytic Reaction Induced By Repeated Administration Of Oxaliplatin. *Transfusion*, 44(6), 838-843. [More Information]

2003

Chen, V., McIlroy, K., Loui, J., Fay, K., Ward, C. (2003). Extramedullary presentation of acute leukaemia: a case of myeloid/natural killer cell precursor leukaemia. *Pathology*, 35(4), 325-329. [More Information]
