### Locating VELiM Office

The Medical Foundation Building is comprised of two separate buildings joined by a walkway. The Centre for Values, Ethics and the Law in Medicine is located on level 1 in building 1, which is the first building you encounter as you begin to walk through the covered walkway from Parramatta Road.

If you have gone through the covered walkway and encountered a very large open courtyard with the main Medical Foundation Building ahead of you, you have gone too far!! Retrace your steps back through the covered walkway to the pavement of Parramatta Road. You will find a glass doorway on your right which has a buzzer marked VELiM: press and once you have been buzzed in come up to the first floor.

### Step 2 – if you should become lost.

Please phone us here at the Centre on 9036 3405 and we will set you in the right direction.

If you have reached the main building of the Medical Foundation, the friendly attendants Pablo or Ralph will point you in the right direction of our office.
