**PREPARING A UNIT OF STUDY OUTLINE: TEMPLATES AND
USEFUL RESOURCES**

This site provides materials to assist in creating a Unit of Study outline. Included are a Unit of Study outline template, the Conservatorium's Graduate Attributes list, a list of Academic Grade Descriptors and Unit of Study outlines from major units within the Conservatorium. Although most outlines predate the current revisions to the Unit of Study template, they are useful examples of the way the template can be adapted to meet the specific needs of individual courses. The documents are arranged in the following order:

1. **Template of Unit of Study Outline.** This template includes examples under each sub-heading. Inevitably, every course has its special requirements. Teachers should add or adapt as required. Although Word and PDF versions of the outline are provided, **formatting may be lost in adapting the word version.**
2. **Conservatorium Graduate Attributes document**
3. **Grade Descriptor document**
4. **Sample Performance Studies outline: JAZZ 3018 Jazz Transcription 1**
5. **Sample Music Education outline: MUED 4004 Multicultural Studies**
6. **Sample Musicology outline: MCGY 3039 Schoenberg and the War**
7. **Sample General Studies outline: GENS2005: Historical and Cultural Studies 2**
