Postgraduate Research Supplementary Scholarship in Human Genome Editing

Terms and Conditions
May 2018

1. Background

   a. This Scholarship is available for PhD students studying human genome editing in the Dr John and Anne Chong Lab for Functional Genomics at the Charles Perkins Centre at the University of Sydney, to support the living costs of students while completing their studies.

2. Eligibility

   a. The Scholarship is open to Australian citizens, Australian permanent residents and New Zealand citizens who have an unconditional offer for admission into a full-time PhD within Faculty of Science at the University of Sydney.

   b. Applicants must be undertaking research in human genome editing within the Dr John and Anne Chong Lab for Functional Genomics at the Charles Perkins Centre.

   c. Applicants must also be in recipient of a primary scholarship from the University of Sydney that will provide a stipend allowance.

3. Selection Criteria

   a. The successful applicants will be awarded the Scholarship on the basis of:

      I. academic merit,
      II. curriculum vitae,
      III. feedback from two academic referees, and
      IV. a personal statement which demonstrates interest and any experience in molecular biology, genetics or genomics.

   b. Shortlisted applicants may be requested to participate in either an in-person or Skype interview.

   c. The successful applicant will be awarded the Scholarship on the nomination of the relevant research supervisor(s) in the Faculty of Science.

4. Value

   a. The Scholarship will provide an annual stipend supplementary allowance of $13,000 per annum (indexed at the RTP annual percentage increase on January One each year) for up to three years, subject to satisfactory academic performance. Up to a six month extension may be possible.

   b. Periods of study already undertaken towards the degree prior to the commencement of the Scholarship, will be deducted from the maximum duration of the Scholarship excluding the potential extension period.

   c. The Scholarship is not deferrable or transferable to another area of research.

   d. No other amount is payable.
Postgraduate Research Supplementary Scholarship in Human Genome Editing

e. The Scholarship will be offered subject to the availability of funding.

5. Eligibility for Progression

a. Progression is subject to passing the annual progress review.

6. Leave Arrangements

a. The same conditions as indicated in the terms and conditions of the primary scholarship.

7. Research Overseas

b. The same conditions as indicated in the terms and conditions of the primary scholarship.

8. Suspension

a. The same conditions as indicated in the terms and conditions of the primary scholarship.

9. Changes in Enrolment

a. The Scholarship recipient must notify HDRAC and their supervisor promptly of any planned changes to their enrolment including but not limited to: attendance pattern, suspension, leave of absence, withdrawal, course transfer, and candidature upgrade or downgrade. If the award holder does not provide notice of the changes identified above, the University may require repayment of any overpaid stipend.

10. Termination

a. Unless terminated earlier under this paragraph, the Scholarship will terminate:

   I. on resignation or withdrawal of the student from their PhD,
   II. upon submission of the thesis or at the end of the award,
   III. if the student ceases to be a full-time student and prior approval has not been obtained to hold the Scholarship on a part-time basis,
   IV. upon the student having completed 4 years equivalent full-time study for a PhD,
   V. on receipt of another supplementary scholarship that increases the overall supplementary rate paid to a student to more than 75% of the primary amount. In such circumstances, the supplementary scholarship of the higher value prevails,
   VI. if the recipient does not resume study at the end of a period of approved leave, or
   VII. if the student ceases to meet the eligibility requirements specified for this Scholarship, (other than during a period in which the Scholarship has been suspended or during a period of approved leave).

b. The Scholarship may also be terminated by the University before this time if, in the opinion of the University:

   I. the course of study is not being carried out with competence and diligence or in accordance with the terms of this offer,
   II. the student fails to maintain satisfactory progress, or
   III. the student has committed misconduct or other inappropriate conduct.
Postgraduate Research Supplementary Scholarship in Human Genome Editing

c. Stipend payments will be suspended throughout the duration of any enquiry/appeal process.

d. Once the Scholarship has been terminated, it will not be reinstated unless due to University error.

11. Misconduct

a. Where during the Scholarship a student engages in misconduct, or other inappropriate conduct (either during the Scholarship or in connection with the student’s application and eligibility for the Scholarship), which in the opinion of the University warrants recovery of funds paid to the student, the University may require the student to repay stipend amounts and any other payments made to the student in connection with the Scholarship. Examples of such conduct include and without limitation; academic dishonesty, research misconduct within the meaning of the Research Code of Conduct (for example, plagiarism in proposing, carrying out or reporting the results of research, or failure to declare or manage a serious conflict of interests), breach of the Code of Conduct for Students and misrepresentation in the application materials or other documentation associated with the Scholarship.

b. The University may require such repayment at any time during or after the Scholarship period. In addition, by accepting this Scholarship, the student consents to all aspects of any investigation into misconduct in connection with this Scholarship being disclosed by the University to the funding body and/or any relevant professional body.
