**Background**
Established in 2004 by a bequest of $400,000 from the residual estate of Bruce Veness Chandler. The purpose of the bequest was to encourage research involving the application of the knowledge of chemistry to the study of any aspect of food; the subject and the approach to be such that the research could lead to scientific papers.

**Selection criteria**
- The Scholarship shall be awarded on the basis of merit.
- Applicants shall be required to submit a proposal setting out the details of the research support sought and its importance to the applicant’s research.
- The number and value of the Scholarships shall depend on the funds available, the merit of the applications and the amount of research support sought by the applicants.

**Payment schedule**
- One-off Payment after census date
