Farrand Scholarship

In 1995, the Senate established the Farrand Science Scholarships, valued at $2,500 each and tenable for one year, to be awarded to candidates enrolled for the degree of Bachelor of Science who have not undertaken previous tertiary study.

Scholarship value and duration

- $2,500 per annum, tenable for 1 year

Eligibility criteria

Up to eleven scholarships shall be awarded under the following conditions:

- Scholarships shall be awarded to students who are permanent residents or citizens of Australia and who are enrolled full-time in the first year of the BSc degree (not including combined degrees);
- Scholarships shall be awarded to students who have completed their high school studies in the previous year (although students who have requested a one year deferral of entry will also be eligible for consideration when commencing);
- Scholarships shall be awarded on the basis of merit to students who have demonstrated special academic talents;
- Scholarships must be accepted in the year of the award; and
- Scholarships may be held concurrently with other scholarships, other than the University of Sydney Science Scholarship.
- May not be held with the Science Scholarship.

Background

Founded in 1958 by a bequest from the late Annie Farrand on the residue of her estate to establish a scholarship in the Faculty of Science, the terms and conditions with regard to the establishment and perpetuation of the scholarship were left to the discretion of the Senate. The fund was first used to establish an annual award of two scholarships, each tenable for one year and valued at $400 to undergraduates in the Faculty of Science who were ineligible for Commonwealth Scholarships, with preference being given to senior students.

After 1967, the funds of the bequest were accumulated until 1973 when the Senate decided that they should be used to establish the Farrand Postdoctoral Fellowship.

Selection criteria

- Eleven scholarships for full time first year BSc students who have not undertaken previous tertiary study.
- Awarded automatically on the basis of academic merit in the HSC (or equivalent).

Payment schedule

One-off payment

Conditions of award

- Please refer to the terms and conditions of this Scholarship for a full list of the conditions that apply.
TERMS & CONDITIONS
SC0208 - Farrand Scholarship

Eleven scholarships for full time first year BSc students who have not undertaken previous tertiary study. Awarded automatically on the basis of academic merit in the HSC (or equivalent).
May not be held with the Science Scholarship.
Founded in 1958 by a bequest from the late Annie Farrand on the residue of her estate to establish a scholarship in the Faculty of Science, the terms and conditions with regard to the establishment and perpetuation of the scholarship being left to the discretion of the Senate.
The fund was first used to establish an annual award of two scholarships, each tenable for one year and valued at $400 to undergraduates in the Faculty of Science who were ineligible for Commonwealth Scholarships, with preference being given to senior students.
After 1967, the funds of the bequest were accumulated until 1973 when the Senate decided that they should be used to establish the Farrand Postdoctoral Fellowship.
In 1995, the Senate established the Farrand Science Scholarships, valued at $2,500 each and tenable for one year, to be awarded to candidates enrolled for the degree of Bachelor of Science who have not undertaken previous tertiary study.
Up to eleven scholarships shall be awarded under the following conditions:
1. Scholarships shall be awarded annually on the recommendation of a selection committee comprising the Dean of the Faculty of Science (Chair), the Pro-Dean of the Faculty of Science and two Associate Deans of the Faculty of Science;
2. Scholarships shall be tenable for one year;
3. Scholarships shall be awarded to students who are permanent residents or citizens of Australia and who are enrolled full-time in the first year of the BSc degree (not including combined degrees);
4. Scholarships shall be awarded to students who have completed their high school studies in the previous year (although students who have requested a one year deferral of entry will also be eligible for consideration when commencing);
5. Scholarships shall be awarded on the basis of merit to students who have demonstrated special academic talents;
6. Scholarships must be accepted in the year of the award; and
7. Scholarships may be held concurrently with other scholarships, other than the University of Sydney Science Scholarship.
