The Graham Daniels Scholarship in Engineering and Information Technologies

The Graham Daniels Scholarship was established in 2010 to encourage higher education in the Faculty of Engineering and Information Technologies with the aim of supporting students of high academic ability who may be facing financial hardship, medical condition or living in a rural or remote area.

Applicants must complete an online scholarship application and include their most recent Year 11 and 12 school reports by the Scholarship closing date.

**Selection criteria**

- The Scholarship shall be awarded on the basis of academic merit as indicated by the applicant’s performance at the NSW HSC examination or equivalent and consideration of one or more of the relevant criteria as outlined in Term 2.
- The Scholarship shall be awarded by the Associate Dean (Education), or their nominee.
- Applicants will be assessed on their academic merit. Applicants must complete an online scholarship application and include their most recent Year 11 and 12 school reports by the Scholarship closing date.
- Preference will be given to those applicants who demonstrate financial need, medical disadvantage or who attend an EAS listed rural or remote area school.
- To demonstrate either medical disadvantage or financial need, you should:
  - Supply a 250 word or less personal statement outlining how the Scholarship would benefit you, and
  - provide evidence of either Centrelink payments or other proof of financial need, or
  - a medical certificate/letter from your medical practitioner.

**Ongoing eligibility**

The scholarship shall be tenable for the duration of the course including combined degrees subject to satisfactory academic progress deemed to be a credit average (65%) or above each semester.

**Payment schedule**

Payments shall be made in equal instalments after the census date of each semester.

**Conditions of award**

Please refer to the terms and conditions of this Scholarship for a full list of the conditions that apply.
The Graham Daniels Scholarship in Engineering and Information Technologies is to be awarded to students who demonstrate academic ability as well as meeting the criteria of one or more of the following: financial disadvantage, medical disability, rural/remote area.

The Graham Daniels Scholarship in Engineering and Information Technologies is to be awarded for the normal full-time duration of the recipient's degree course (including combined degrees) plus one additional honours year if an additional year is required to obtain a honours degree in the Faculty of Engineering and Information Technologies. Continuation of the Scholarship each year is dependent on continued enrolment and the recipient maintaining satisfactory progress. If a recipient decides to study for an Honours year (where an additional year's enrolment is normally required for the award of Honours in the Faculty of Engineering and Information Technologies), the Scholarship will be extended for that year.

The Graham Daniels Scholarship in Engineering and Information Technologies is to be awarded to students who are Australian citizens; and are enrolled to commence studies in the year of offer at the University of Sydney, Faculty of Engineering and Information Technologies undergraduate degree or combined degree.
