Lawrence & Betty Browne PhD Research Scholarship in Civil Engineering

Funded by the gift from Mr Lawrence Browne and Ms Betty Browne in 2011, the Lawrence and Betty Browne PhD Research Scholarship in Civil Engineering was established to support PhD students undertaking research in structural and bridge engineering in the School of Civil Engineering.

**Scholarship value and duration**
The value and benefits of the scholarship will be the same as offered by the Research Training Program Stipend Scholarship (formerly Australian Postgraduate Awards), tenable for up to 3 years for the normal duration of the PhD degree with a possible extension of up to 6 months.

**Eligibility criteria**
- The scholarship shall be open to candidates with an unconditional offer of admission for full-time enrolment in the PhD program in the School of Civil Engineering in the year that the scholarship is offered.
- The candidate’s proposed area of research must be in the areas of structural and bridge engineering.
- Successful candidates would normally be expected to have first class honours degrees, or equivalent qualifications.

E scholarship.applications@sydney.edu.au

**Selection criteria**
- The scholarship shall be awarded subject to the availability of funds.
- The scholarship shall be awarded based on academic merit to students undertaking research in structural and bridge engineering on the recommendation of the selection committee consisting of the Director Research, Professor leading the Structures Group and an academic with specialty in structural and/or bridge engineering.

**Ongoing eligibility**
- Continuation of the scholarship each year is dependent on the recipient maintaining satisfactory progress, continuing full-time PhD enrolment and research in structural and bridge engineering.
- The value and benefits of the scholarship will be the same as offered by the Australian Postgraduate Awards (APA).
- The scholarship is to be taken up in the year that it is offered and shall not be deferrable or transferrable to another department or Faculty.

**Payment schedule**
Fortnightly instalments.

**Conditions of award**
Please refer to the terms and conditions of this Scholarship for a full list of the conditions that apply.
TERMS & CONDITIONS

SC1387 - Lawrence & Betty Browne PhD Research Scholarship in Civil Engineering
