Physics Summer Research Scholarship

Summer scholarships are offered to currently enrolled undergraduate students, who are performing at a high academic standard, to enable them to participate in research with one of the research groups in the School of Physics.

Scholarship value and duration
Award amount is 6 weeks stipend rate based on Australian Postgraduate Award rate at the time of award.

Eligibility criteria
- Applicants will be required to submit an application form that can be downloaded from the Schools website
- Applicants must be enrolled on a full time basis and be in their second or third year of their degree program
- Applicants must be performing at credit level (AAM 65) or above to be considered for these scholarships.
- Applicants can only receive one Summer Scholarship per year
- Students will be asked to provide a brief summary of their experience when they finish their Summer Research Scholarship. This will be used with the recipients permission on the website to encourage other students who might be considering doing a Summer Research Scholarship.
