Centre of Excellence for Particle Physics (CoEPP) Scholarship

The scholarship is established in 2015 to encourage students to consider an Honours year or Masters by Coursework in Particle Physics.

Scholarship value and duration

$5,000 tenable for 1 or 2 years, dependent on the length of their studies.

Students required to move interstate to undertake their studies can also apply for an additional $5,000 in their first year to assist with relocation.

Eligibility criteria

- Open to students who are accepted into an Honours year, or Masters by Coursework at a Centre-node university and will undertake full-time study.
- Open to both domestic and international students.

Background

The ARC Centre of Excellence for Particle Physics at the Terascale (CoEPP) is a collaborative research venture between the Universities of Melbourne, Adelaide, Sydney and Monash University. Through the Centre, terascale, high-energy particle physics research across Australia is coordinated, bringing together theoretical physicists with experimental physicists who work on the ATLAS experiment. From 2016, CoEPP will offer up to 4 scholarships annually for eligible students beginning their Honours year or Masters by Coursework at any node of the Centre.

Selection criteria

- All students wishing to be considered for this scholarship must complete the application form available at CoEPP website (http://www.coepp.org.au).
- Selection will be based on a combination of academic merit and/or financial need

Payment schedule

- Equal instalments per semester after each semester census date.
- Subsequent payments is subject to satisfactory academic progress.

Termination

- The scholarship will be terminated if the student’s progress is not found to be satisfactory.
