Week beginning: 12 August 2013

Research: Speech pathology; Greek studies; Medical research

Research Scholarships

Postgraduate Scholarship in Speech Pathology
A scholarship is available for candidate with an Hon 1 degree in speech pathology to undertake research studies leading to a PhD in speech pathology; the project is to investigate the effectiveness of communication training for healthcare practitioners, which aims to improve their interactions with people with aphasia; applicants must be Australian citizens, Australian permanent residents or New Zealand citizens; $24,653; 1 year.
Closing Date: 12 September 2013

Nicholas Anthony Aroney Research Scholarship
The scholarship is to enable postgraduate students to undertake research involving promoting Greek language and/or culture, either in Greece or Australia; applicants must be a postgraduate student pursuing a Master of Arts degree (either coursework or research) or a higher degree within the Department of Modern Greek Studies at the University of Sydney; up to $7,500; can be shared if awarded to more than one applicant.
Closing Date: 31 August 2013

PhD Scholarships in Basic Medical Research
PhD Scholarships are available for various projects at Children’s Medical Research Institute (CMRI); the projects are multi-disciplinary with training in molecular and cellular biology techniques, with some involving mass spectrometry, proteomics, bioinformatics, protein-protein interactions, transgenic animals or live cell imaging; value greater than that of the Australian Postgraduate Award or NHMRC Postgraduate scholarships.
Closing Date: 20 September 2013
