POSTER PRINTING & LAMINATING

The School of Chemistry has the facility to print posters and laminate them. The poster should be prepared as a **Power Point slide in A4 page size** (i.e. go to FILE then PAGE SETUP and choose the A4 paper (210 x 297) slide size). Do not attempt to customize the paper size. The printer software will enlarge the poster to A0 (841 x 1189 mm) which is the maximum size. Sizes range from A0, A1, A2, A3 etc.

The printing facility is in the Level 3 Service Room, phone 12737, or email posters@chem.usyd.edu.au.

Charges for the service apply. Please provide an account code along with your electronic file of the poster.
