2017

**2016**

Doran, R., Hopcroft, R., Cronin, G. (2016). Isa brown laying hens on the range are initially more attracted to overhead cover than perches. 27th Annual Australian Poultry Science Symposium (APSS 2016), Sydney: University of Sydney.

Cronin, G., Hopcroft, R., Hemsworth, P. (2016). The effects of light intensity in weeks 1 to 7 of rearing for chicks, and stressors consisting of combined transport, relocation and mixing in week 16, on plumage damage, social avoidance and mortality, in adult free-range laying hens. 27th Annual Australian Poultry Science Symposium (APSS 2016), Sydney: University of Sydney.
The impact of a feather-pecking outbreak in an experimental free-range layer flock on growth, egg production, plumage damage and mortality. 31st Biennial Conference of the Australian Society of Animal Production, N/A: N/A.

2015

Cronin, G., Hopcroft, R. (2015). Nest-Box use by young free range hens may be influenced by perching location resulting from social avoidance. 26th Annual Poultry Science Symposium, Sydney: Poultry Research Foundation, University of Sydney.

2014

Cronin, G. (2014). Can non-confinement housing for the farrowing sow and her litter be successfully achieved in intensive pig production in Australia? International Society for Applied Ethology, N/A: N/A.

2013
Wilson, R., Holyoake, P., Cronin, G., Doyle, R. (2013). A comparison between meloxicam and ketoprofen in assisting the recovery of weaner pigs from illness or injury. *Australasian Pig Science Association (APSA)*.

Cronin, G., Macnamara, G., Matthews, R., Barnsley, J., Williams, C., Macnamara, B., Boe, K., Andersen, I. (2013). Voluntary feed intake by sows and weight gain by piglets in farrowing crates compared to UMB farrowing pens. *Australasian Pig Science Association (APSA).*

2012

International Society for Applied Ethology.

2011

2010

2009

2008

2007

Cronin, G. (2007). Practical Farrowing Pens: Part 1 - the efficacy of selecting for piglet survival in farrowing pens, through selection of females from litters containing no deaths from overriding by the sow; Part 2 - a draft manual for the training of stockpeople to manage sows and litters in farrowing pens.
