Engineering and Physics

- Improvement of Physics teaching with problem based learning 1
Wu Jian, Hohai University
- A problem based learning course for fostering generic skills 5
Mei Zhonglei, Lanzhou University
- Using contemporary education strategies and approaches to redesign *Classical Electrodynamics* 12
Wang Yue, Beijing University of Technology
- Physics is fun, exciting and simple 17
Xiao-Li Wu, Beijing Institute of Technology
- Incorporating contemporary education theories into *Physics of Semiconductor Devices* 23
Yao Li, University of Science and Technology of China

Chemistry

- Using a problem based learning approach to improve the teaching quality of *Analytical Chemistry* 28
Liu Yu, Tianjin University
- Building a bridge to a student-centred learning environment in *Instrumental Analysis* 32
Wu Xiaoping, Fuzhou University
- Using contemporary teaching and learning strategies in *Organic Chemistry* teaching 39
Zhang Qian, Northeast Normal University

Biological Sciences

- Reforming a course in *Horticultural Science* 44
Gao-Zhihong, Nanjing Agricultural University and Charlotte E Taylor, University of Sydney
- Applying student-centred strategies in the course of *Environmental Biology* 50
Xu Xiaoyan, University of Science and Technology of China
- Using contemporary education strategies to improve teaching and learning in a botany course at Beijing Forestry University 54
Liu Zhonghua, Beijing Forestry University
- Strategies of teaching and learning in *General Ecology* 60
Feng Jinchao, The Central University for Nationalities
- A review and recognition of teaching strategies in *Cell Biology*: A shift to student-centred teaching 67
Ni Hong, Nankai University
- A shift from traditional teacher-centred strategy to student-centred strategy in genetics teaching 73
Qianjin Liang, Beijing Normal University

Earth, Environmental and Space Sciences

- Teaching *Petroleum Geology* in third year using problem based learning 84
Fu Qiang, Tongji University and Tom Hubble, University of Sydney
- Making online learning more student-centred in the Department of Earth Sciences at the University of Nanjing 88
Dong Shaochun, Nanjing University and Tom Hubble, University of Sydney

Mathematics

- Promoting active and deep learning in my classroom 94
Chai Zhiming, University of Petroleum
- Computer aided teaching in *Linear Algebra* 100
Huabin Wu, Beijing Institute of Technology
- Some thoughts on the way in which calculus is taught and learned 103
Xinhui Shi, Ocean University of China
- A plan for student-centred learning in a *Computer Programming* course 111
Xu Hong, Fudan University
