

## Design Process Planning Sheet

**Brainstorm solutions about your problem – What questions will you ask your students?**

**What equipment is needed?**

- 
- 
- 
- 
- 
- 

**How will your students plan their design? Sketches from different views?**

**How will your students make their prototype?**

**How will your students test their design?**

**How will your students evaluate their design?**

**How will your students share and explain the improvements they have made?**

**How will students apply their new understanding?**

# The Design Brief

**Design Brief**

**Task**

**Design criteria**
