Literacy allsorts

Florence Chiew, Adèle Thomas, Michelle Jamieson
Macquarie University
Science Research Writing Course

• Format
  • 6 week course for PhD candidates in the Faculty of Science

• Aim
  • To increase the ability to translate experimental data into a draft journal article

• Pedagogical approach
  • Modelling effective writing strategies
  • Identifying and practicing the key linguistic features of article sections
Social Science Research Writing Course

• Format
  • 9 week course for PhD candidates in the Faculties of Human Science and Business & Economics

• Aim
  • To help candidates revise an existing essay, thesis chapter, or conference paper for submission to an academic journal

• Pedagogical approach
  • Designing a sustainable writing practice (30mins – 1 hr a day)
  • Revising, editing, and peer-review as the real work of writing
Humanities Research Writing Course

• Format
  • 7 week course for PhD candidates in the Faculty of Arts

• Aim
  • To train students in critical reading, writing and editorial skills needed for research, and to establish thesis writing groups.

• Pedagogical approach
  • Emphasis on the process of writing
  • Process oriented elements: reflective writing, peer review activities, formation of thesis writing groups.
