

1st Year Introduction to the Virtual Veterinary Campus (VVC).

Introduction to the VVC

The Virtual Veterinary Campus (VVC) interfaces with the Extramural Database which facilitates student placements. It is not linked with the University database Sydney Student at all.

The Faculty requires you to access your file on the VVC to enter your contact details and some personal information and to submit various required documents. In the future you will be organizing your placements through the VVC.

Updating your record on the VVC

The VVC is accessed through the Faculty website.

Resource Builder has been developed by a team of Veterinary academics and technical specialists who needed a 'user-friendly' method of building on-line case-based learning activities for veterinary students. It is a suite of templates that enable educators to build a variety of interactive cases and quizzes.

Welcome to 1st Year

- > **437** [Development Site](#)
- > **437** [Testing Site \(Live Data\)](#)
- > **438** [Live Site](#)

The **My Details** page has several sub-pages listed on the left hand side. 1st Year students will need to complete all of these pages now and keep them up to date as required.

Select 'Update My Details' to enter your personal information required.
 Ensure that your Uni Email is correctly entered. The Extramural Unit will use the email as entered. It should be of the format - abcd1234@uni.sydney.edu.au

Enter your Q Fever Registration Number as it appears on your card issued from the Australian Q Fever Register.

Submit to save.

In the Emergency Contacts page select 'ADD EMERGENCY CONTACT 1' to enter the contact details of your 1st contact.

The screenshot shows the 'EMERGENCY CONTACTS' page in the Virtual Veterinary Campus. The page header includes 'THE UNIVERSITY OF SYDNEY' and 'FACULTY OF VETERINARY SCIENCE'. Navigation tabs include 'VIRTUAL VETERINARY CAMPUS', 'VETERINARY SCIENCE HOME', 'UNIVERSITY HOME', and 'CONTACTS'. A secondary navigation bar has 'Home', 'My Details', 'Preclinical - Animal Husbandry', and 'Abattoir: VSAPP'. The main content area is titled 'EMERGENCY CONTACTS' and includes a 'Return to Colleen Allannah Strange' link, a 'View Student SID' search box, and a list of site types: '437 Development Site', '437 Testing Site (Live Data)', and '438 Live Site'. A 'MY DETAILS' sidebar lists 'My Details', 'Emergency Contacts', 'Next of Kin Contacts', 'Authority Agreement', and 'WHS Disclosure'. A blue button labeled 'ADD EMERGENCY CONTACT 1' is highlighted with a red arrow. A note states: 'NB: Details Updated on this database will NOT be updated on any of the other University systems. All students must have an Emergency Contact, please ensure that you have one nominated and their contact details are entered below. Please check this information is correct prior to each placement/holiday.'

Likewise submit your Next of Kin Contacts

The screenshot shows the 'NEXT OF KIN CONTACT' form. The page header is identical to the previous screenshot. The main content area is titled 'NEXT OF KIN CONTACT' with a note: '* = mandatory field.' The form includes a 'Return to Colleen Allannah Strange' link, a 'View Student SID' search box, and the same site type list. The 'MY DETAILS' sidebar is also present. The 'Contact Details' section contains the following fields: 'Name *', 'Relationship *', 'Street Address *', 'Suburb *', 'State *', 'Postcode *', 'Country *', 'Home Phone *', 'Work Phone *', 'Mobile Phone *', 'Fax', and 'Email'. At the bottom, there are 'CLEAR' and 'SUBMIT' buttons. The URL 'i.usyd.edu.au/vvc/' is visible in the bottom left corner.

AUTHORITY AGREEMENT FORM

Name: _____
 SID: _____
 Email: _____
 Course Name: Veterinary Science
 Degree Year: 1st Year

I authorise the Faculty of Veterinary Science to display my photograph, my emergency contact details, my contact phone number(s) and university email address on secured Faculty websites (Partners in Veterinary Education (PIVE) site, and the Faculty's Academic Site) for educational purposes only. I also authorise Faculty to provide these details over the phone or in correspondence to approved sites on my placement scheduled if required.

I understand that my details may be viewed on the secured website by Partners in Veterinary Education (practices, properties, abattoirs, and other sites) and Faculty staff who are associated with my approved extramural and intramural placements.

I understand that making these details available to all sites that I am scheduled to attend is necessary for all practical work related to my degree.

I understand also that Faculty may display or provide through other means my name and university allocated email address to other BVSc enrolled students who are scheduled to undertake a placement at the same site and on the same dates as myself. The names and dates of sites I will be attending may also be viewed via the virtual Veterinary Campus by other BVSc enrolled students searching for students in a specific locality or undertaking similar placements in the same region as myself.

I understand that making my details available to students as above is necessary for all practical work related to my degree.

Tick this to confirm

An Online **Authority Agreement Form must be completed**. You may have done this in hard copy when you enrolled but we require you to enter it online as well.

WORK HEALTH AND SAFETY DISCLOSURE FORM

Program Year: 2015

Section A: Student Details

Name:
SID:
Email:
Course Name: Veterinary Science
Degree Year: 1st Year

Section B: Disclosure

The University is required to take appropriate measures to safeguard the health and safety of its students and persons that may be affected by a student's activities while on professional or fieldwork placement. For this reason, students are required to comply with the Faculty's Work Health and Safety Disclosure Policy for Students. You are asked to provide the following information:

Q1. Do you have an illness, medical condition or disability that is likely to impact upon your capacity to safely fulfil the core academic requirements of your course?

No (Go to Section C and complete the declaration)
 Yes (Continue with Q2 and Q3)

Q2. Are you registered with The University of Sydney's Disability Services?

No
 Yes

Note: If you are registered, the Faculty of Veterinary Science will liaise with Disability Services and other key personnel in order to arrange reasonable adjustments within the workplace whilst you are on professional or fieldwork placement.

Q3. Please provide further information in the space below as to:

- How your illness, medical condition or disability may affect your capacity to perform duties listed in Section A

You are required to complete the online **WHS Disclosure** form **each year of your enrolment and also if your situation changes during the year**. To submit a new form select 'Submit Form'.
