REFEREED JOURNAL PAPERS

Dhungyel OP and Whittington RJ. (2009) Modulation of inter-vaccination interval to avoid antigenic competition in multivalent footot (Dichelobacter nodosus) vaccines in sheep. Vaccine 28, 470-473

CONFERENCES/PRESENTATIONS

REPORTS

2008

REFEREED JOURNAL PAPERS

Dixon RM, Dixon RJ, Constable SE 2007 “The Development of Best Practice Adult Educational Programs to Indigenous People in Australian Rural and Remote Communities” The International Journal Of Diversity in Organisations Communities And Nations (online journal) vol 7

Holyoake PK, Collins AM, Donahoo M, Lising R and Emery D. “Identifying obstacles to reducing the use of antibiotics to control proliferative enteropathy” (accepted for publication in the Australian Veterinary Journal, June 2008)

Wittich, C.A., Fosgate, G.T., Srinivasan, R., Ward, M.P.

Ward, M.P., Maftei, D., Apostu, C., Suru, A. Estimation of the basic reproductive number ($R_0$) for epidemic highly pathogenic avian influenza subtype H5N1 spread. Epidemiology and Infection, doi:10.1017/S0950268808000885.

Ward, M.P. Equine West Nile virus disease occurrence and the Normalized Difference Vegetation Index. Preventive Veterinary Medicine, doi:10.1016/j.prevetmed.2008.10.003

PRESENTATIONS/CONFERENCES

Constable S., Dixon RM, Dixon RJ 2008 “Approaches to Community Education in two rural and remote indigenous communities: two case studies” AMRRIC Conference Darwin 14th October

Constable S., Brown G., Dixon RM and Dixon RJ, 2008 “Healthy Dogs Healthy Communities” Queensland Health Animal Management Officer and Environmental Health Worker Workshop, Cairns October 21st

Scientific reports, theses, newsletters, rural press etc

**2007**

**REFEREED JOURNAL PAPERS**

Dixon RM, Dixon RJ, Constable SE (2007) The Development of Best Practice Adult Educational Programs to Indigenous People in Australian Rural and Remote Communities. The International Journal of Diversity in Organisations Communities and Nations (online journal) vol 7

Kawaiji S, Taylor DL, Mori Y and Whittington RJ. (2007) Detection of Mycobacterium avium subsp. paratuberculosis in ovine faeces by direct quantitative PCR has similar or greater sensitivity compared to radiometric culture. Veterinary Microbiology 125:36-48

Whittington RJ and Windsor PA. (2007) In-utero infection with Mycobacterium avium subsp. paratuberculosis: a review and meta-analysis. The Veterinary Journal: available on-line

**CONFERENCES REFEREED**

Dhand NK, Epplleton J, Whittington RJ and Toribio J-A. LML. (2007) Association of farm management and soil risk factors with ovine Johne’s disease in Australia. 9th International Colloquium on Paratuberculosis, October 29 to November 2, Tsukuba, Japan

Dhand NK (2007) SAS macros to facilitate logistic regression model building. Science Week, Epidemiology Chapter of the Australian College of Veterinary Scientists, 5-7 July Gold Coast, Australia.

Dhand NK (2007) Effect of farm management practices and soil factors on ovine Johne’s disease. Science Week, Epidemiology Chapter of the Australian College of Veterinary Scientists, 5-7 July Gold Coast, Australia.

Miller YJ, Collins AM, Smits RJ and Holyoake PK. (2007) "Teat order may affect within litter weight variation but supplemental milk does not". APSA Conference Proceedings

OTHER PRESENTATIONS

Windsor PA (2007) Portfolio planning, risk-reward, opportunistic luck & collaborative serendipity: not the sharemarket but bridges on a veterinary pathway. Invited inspirational speaker. Post graduate Conference, Faculty of Veterinary Science, University of Sydney, October, 2007

REPORTS

Windsor PA (2007) Progress report on visit to Laos and Cambodia from July 8 to 15th, for SRA AH2006/077, ‘Identifying research priorities for the development for the beef industry in Cambodia and Lao PDR with special reference to animal health interventions’. Australian Center for International Agricultural Research, July 18 2007

2006

REFEREED JOURNAL PAPERS

CONFERENCES

Schembri, N, Sitthole F, Toribio JA and Holyoake, PK. 2006 Management practices of pork producers in peri-urban and regional areas that potentiate the risk of exotic disease introduction and dissemination. Proceedings of the Australian Association of Pig Veterinarians 2006 - Melbourne, Australia.

Schembri, N and Toribio, J.A. and Holyoake, PK. 2006 Lifetime identification of weaner pigs in Australia. The University of Sydney Faculty of Veterinary Science Postgraduate Conference 2006 - Camden, Australia.

Windsor PA (2006) Report to ACIAR on animal health and production project scoping trip to Laos, March 6 to 10. Australian Center for International Agricultural Research, March.

Windsor PA (2006) Keep the farm gate open, but how? Conference on enhancing the extramural training experience for 5th year veterinary science interns, Partner Practices Seminar, University of Sydney, Faculty of Veterinary Science, July 2006.

Windsor PA (2006) Integration of research led teaching in ruminant veterinary medicine and rural public practice for improved outcomes in veterinary public health. Showcase on Research led Teaching, Faculty of Sciences, University of Sydney, 2 November 2006.

INVITED CHAPTERS IN BOOKS AND TECHNICAL MANUALS

2005

REFEREED JOURNAL PAPERS

NON-REFERRED CONFERENCE PAPERS

Hamilton SA. An approach to modelling avian influenza in the Australian poultry industry. Postgraduate Conference, The University of Sydney 1 November 2005

Zhong L. Biomarker identification for Ovine Johne's Disease using SELDI-TOF MS. Postgraduate Conference, The University of Sydney, 31st October 2005

CONFERENCE PROCEEDINGS (PRESENTATIONS/POSTERS)

Begg D and Griffin F. Immune parameters and vaccine efficacy in Mycobacterium avium subspecies paratuberculosis experimentally infected sheep. 8th International Colloquium on Paratuberculosis in Copenhagen, Denmark, August 2005. pp.26

Bosward K, Begg D, de Silva K, Di Fiore L, Taylor D, Emery D and Whittington R. Optimisation of the interferon-gamma assay to maximise responses to M. pht antigens in sheep. 8th International Colloquium on Paratuberculosis, Copenhagen, Denmark, August 2005 pp.97

de Silva K, Carter N, Taylor D, Di Fiore L, Whittington R and Emery D. Proliferative responses in peripheral blood and lymph node cells in the early stages of ovine Johne’s disease. 8th International Colloquium on Paratuberculosis, Copenhagen, Denmark, August 2005. pp.28

Dhand NK, Whittington RJ, Toribio J-ALML. (2005) Identification of risk factors for OJD prevalence level in Australian sheep flocks. (Abstract poster no. 193). 8th International Colloquium on Paratuberculosis, The Royal Veterinary and Agricultural University, Copenhagen, Denmark, August 14-17, 2005, page 133

Di Fiore L, Taylor D, de Silva K, Bosward K, Begg D, Emery D and Whittington R. Identification of differentially expressed genes in uninfected Mycobacterium paratuberculosis (M. ptb) infected sheep. 8th International Colloquium on Paratuberculosis, Copenhagen, Denmark, August 2005. pp.79

Gumber S, Eamens G and Whittington RJ. Validation of ELISA kit for assessment of the humoral immune response in Mycobacterium paratuberculosis infected sheep and goats. 8th International Colloquium on Paratuberculosis at Copenhagen, Denmark, August 2005. pp 103

Holyoake PK. Proliferative enteritis-have we learnt anything? Proceedings of the Australian Association of Pig Veterinarians Conference, Gold Coast, May 2005, p156-151

Houweling PJ, Cavanagh JA, Mitchell NJ, Whittington RJ. McGregor H, Abbott KA, Whittington RJ. An investigation of the subclinical and clinical effects of Mycobacterium avium subsp. paratuberculosis. 8th International Colloquium on Paratuberculosis, Copenhagen, Denmark, August 8-14, 2005. pp.72

Marsh I. Review of the Molecular Biology, Microbiology, and Culture section of the 8ICP. Meat and Livestock Australia, North Sydney pp. 128-134

Rast L and Whittington RJ. 2005 Longitudinal study of the spread of ovine Johne’s disease in a sheep flock in Southeastern New South Wales, Australia. 8th International Colloquium on Paratuberculosis, Copenhagen, Denmark, August 2005. pp. 143

Schembri N, Sittholo F, Toribio J-A and Holyoake T. Improving the traceability of pigs sold in peri-urban areas. Poster presentation at the Australian Biosecurity CRC Conference, Perth, November 2005

Sevilla I, Singh SV, Garrido JM, Aduriz G, Rodriguez S, Geijo MV, Whittington RJ, Saunders V, Whittlock RH and Juste RA. Molecular typing of *Mycobacterium avium* subsp. *paratuberculosis* strains from different hosts and regions. 8th International Colloquium on Paratuberculosis, Copenhagen, Denmark, August 2005. pp. 88

Singh SV, Sevilla I, Juste RA, Whittington RJ, Kumar V, Gupta VK, Bhatiya AK, Singh AV. Mycobacterium avium subsp. paratuberculosis (bison type) genotype infecting goat population in India. 8th International Colloquium on Paratuberculosis, Copenhagen, Denmark, August 2005. pp. 88

Taylor D, de Silva K, Di Fiore L and Whittington R. Gene expression and survival of *M. paratuberculosis* infected macrophages. 8th International Colloquium on Paratuberculosis, Copenhagen, Denmark, August 2005. pp.40

Toribio, J-ALML and Sergeant ESG. 2005 Comparison of methods for estimation of OJD prevalence from pooled faecal samples. 8th International Colloquium on Paratuberculosis, Copenhagen, Denmark, August 2005: pp. 144

Windsor PA. (2005) Exploiting the value of the communication task. Workshop on enhancing the extramural training experience for 5th year veterinary science interns, Partner Practices Seminar, University of Sydney, Faculty of Veterinary Science, July 2005.

Windsor PA. (2005) Overview of paratuberculosis in
Australia. Presentation to the Mini-Symposium on Paratuberculosis at the US Annual Animal Health Association Meeting, Hershey, PA, USA, November 4-5 2005.
