The offer of a Dr Bernard Lake Award is subject to the following terms and conditions:

1. The objective of the fund is to commemorate the lifetime contribution of Dr Bernard Lake MB BS MRCP (Lon) FRCP (Edin), graduate of the University of Sydney and distinguished physician, whose special interest was in treating the whole person and extending the boundaries of orthodox medicine, using complementary and alternative ways of understanding and treating each patient's special circumstances.

2. The fund shall be used to reward health professionals for publishing in peer-reviewed journals significant original work undertaken in Australia in one of the following fields: holistic medicine, complementary medicine, exercise rehabilitation, nutriceuticals, aromatherapy and multi-disciplinary whole patient approach to medical problems.

3. The award will be made at the discretion of the Review Committee for the Dr Bernard Lake Award and subject to all standards being met. No correspondence will be entered into.

4. Payment of the advertised award will be made by direct deposit following written notification to the successful candidate and acknowledgement to the Sydney Medical School by the candidate.

5. Copies of any media coverage arising from the Award should acknowledge the Sydney Medical School, University of Sydney and copies forwarded to the School office.
