

Research Camp on “Complexity, Criticality and Computation” (C3-2019)

- Dr Michael Harre, The University of Sydney, "Fractal structure in the game of Go"
- A/Prof Tiago de Paula Peixoto, Central European University, "Network inference"
- Dr Somwrita Sarkar, The University of Sydney, "Cities as complex systems: an urban science and data"
- Dr Ben Fulcher, The University of Sydney, "Feature-based time-series analysis"
- A/Prof Joseph Lizier, The University of Sydney, "Using information theory for empirical analysis of complex systems using JIDT"
- Dr X. Rosalind Wang, The Western Sydney University/CSIRO, "Complexity measures for radio galaxy morphology analysis"
