

# SYDNEY SCHOOL OF VETERINARY SCIENCE 2021 COMMITMENT STATEMENT

Category	☐ International Applicant (Off-shore and Taylor's College Applicants)
(please tick one)	☐ International Applicant (applying through UAC)
,	☐ Internal Course Transfer (Current University of Sydney Student)
	☐ Domestic Recent School Leaver
	☐ Domestic Non-Recent School Leaver
UAC Ref #	
Name	
Address	
Telephone	
Email	
Name Address Telephone	□ Domestic Non-Recent School Leaver

The purpose of the Commitment Statement is to find out about your interest in, and commitment to animal health and welfare and a career in veterinary practice. You may be able to provide evidence of this through your family background, work (including school work experience, part-time jobs and voluntary work) and special interests.

Submission of a Commitment Statement by the due date is a strict requirement for the purpose of meeting eligibility criteria for both local and international applicants to the Bachelor of Veterinary Biology/Doctor of Veterinary Medicine for 2020 intake. Commitment Statements submitted after the due date will not be considered.

# **Commitment Statement submission**

## **Domestic applicants**

along with International Applicants sitting the NSW HSC and applying through UAC

Upload the completed forms and documentation to the UAC portal by the 20th of November 2020

#### International applicants

Off-shore and Taylor's College international applicants should upload their completed "Commitment to Veterinary Science" form as part of the online application process. International applications are assessed on a rolling basis, and so it is in the applicant's best interest to upload this as soon as possible, by the **20**<sup>th</sup> **of November 2020** at the latest.

**NOTE**: It is the responsibility of the applicant to ensure all supporting documentation is attached. Applications submitted without supporting documentation will not be processed. Please do not send original documents, only certified copies. Please note we do not accept emails or facsimiles.

## 1. Veterinary/Animal Handling/Animal Welfare Experience

List below the names and addresses of veterinary or other related establishments (practices/laboratories/wildlife/care facilities etc) where you have obtained experience of an animal related nature (attach supporting documentation). Applicants are expected to have undertaken a minimum of 5 full days of work experience at veterinary establishments. Work experience must include animal handling, i.e. direct hands-on contact with animals (not just observation). If you have less than 5 days, please complete the Additional Information section on page 3.

Establishment (including contact name, address and telephone number of a contactable suitable staff member)	Type(s) of experience (including animal species)	Number of days worked

# 2. Animal Handling Experience Checklist

Using the skills checklist below, please indicate the animal related skills you have observed and/or performed by placing a cross (X) in the relevant 'observed' or 'performed' box.

Observed: Means you have witnessed the procedure

Completed: Means you have performed the procedure with or without supervision

#### 3. Additional Information

If you have less than 5 full days of work experience at a veterinary establishment listed in the Veterinary/Animal Handling/Animal Welfare Experience section above, please use this space to:

- Explain why you may have lacked the opportunity to handle animals, AND
- Describe any animal handling experience you have outside of a veterinary establishment. This may include sustained care of domestic pets, time spent on farms or other animal facilities. You should describe any involvement in the intensive care of unwell pets over a sustained period of time (rather than routine day-to-day maintenance of feeding, walking and grooming).

Please do not exceed 200 words.
