Madii Himbury (Snowsports) - 2018 Winter Olympian
Bachelor of Applied Science (Exercise/Sport Science)

Sydney Uni’s Elite Athlete Program has helped me succeed in both my academic and sporting endeavours. As a winter sport athlete I spend most the year travelling and without the help of the EAP I would be unable to balance my commitments. Of the many resources the EAP provides, I highly value the tutoring support which enables me to complete the practical components of my degree.

Anneliese Rubie (Athletics) - 2016 Summer Olympian
Bachelor of Arts (2017)

The Sydney University Elite Athlete Program has been with me every step of the way throughout my degree. Competing internationally for months on end whilst trying to complete a degree can be challenging to say the least, but with the EAP’s support and assistance, I’ve been able to achieve all of my goals as a student and athlete, and actually enjoyed the process too. The training facilities on campus are world class, the EAP staff are an endless source of encouragement and support, and the elite team culture that Sydney University Athletics Club and SUSF has taught me will stay with me for years to come.

Nicholas Phipps (Rugby) - Current Wallaby and NSW Waratah
Master of International Business

Being a member of the Elite Athlete Program has been about having the support and structures in place to continue my studies at one of the best universities in the world. Having this sort of support has been crucial in providing me the chance to achieve my dreams in the classroom and on the field. The EAP and facilities are world class across all disciplines and gives you the best opportunity to train at professional standards.
