A degree designed for you

Professional degree – leads to accreditation and/or registration with a professional body (for example, education, engineering, law, medicine)

Specialist degree – develop expertise in a specific field of study (for example, design computing, economics, music, visual arts)

Liberal studies degree – pursue your interests from across a broad range of disciplines (for example, arts, commerce, science)

Dalyell Scholars

For high-achieving students with an ATAR (or equivalent) of 98+,* the Dalyell Scholars program gives you access to distinctive Dalyell units of study and a range of enrichment opportunities, including:
- accelerated learning options, such as early access to advanced units of study in your chosen field and enrichment units outside of your discipline
- access to the specialised Mathematical Sciences program (optional)
- tailored mentoring and professional skills development
- optional international experiences to develop your global perspective, including access to a $2000 global mobility scholarship

Entry is via UAC preference or by invitation, depending on the course. To learn more, visit sydney.edu.au/dalyell-scholars

Combined degrees – build interdisciplinary skills as you study across a combination of degrees

Bachelor of Advanced Studies
- Graduate with two degrees in four years
- Complete a second major from either your primary area of study or the shared pool of majors and minors
- Challenge yourself with advanced coursework or complete an honours year
- Work on real-world industry, community and research challenges across disciplines

Your global perspective, including access to distinctive Dalyell units of study and Dalyell Scholars

Design your degree

Enjoy the flexibility of designing a degree that combines all your interests, including opportunities to study overseas, collaborate with organisations and undertake advanced units of study. Below is an indicative degree structure for liberal and specialist degree pathways.*

What can I study?

Shared pool of majors and minors
Design a degree that allows you to combine your interests from more than 100 study areas. You can build interdisciplinary expertise from a wide range of study areas outside your primary degree. For a list of the majors and minors, visit sydney.edu.au/undergraduate

<table>

<td>Core/elective</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Core/elective</td>
</tr>
<tr>
<td></td>
<td>Minor/Major 2</td>
<td>Minor/Major 2</td>
</tr>
</tbody>
</table>

Can I study overseas?

Global opportunities
Semester or year-long exchanges and short-term summer and winter placements can be taken throughout Years 2 and 3 of your degree.

<table>
<thead>
<tr>
<th>Year 2</th>
<th>Semester</th>
<th>Units of study</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Major 1</td>
<td>OLE</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Elective</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Minor/Major 2</td>
</tr>
</tbody>
</table>

What real-world experiences will I have?

Interdisciplinary projects
Enhance your knowledge through an embedded third-year project within each of your majors. You can further extend your learning and collaborate with businesses, community and government organisations through elective interdisciplinary project units that address real-world issues.

<table>
<thead>
<tr>
<th>Year 3</th>
<th>Semester</th>
<th>Units of study</th>
</tr>
</thead>
<tbody>

<td></td>
<td>Elective</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Minor/Major 2</td>
</tr>
</tbody>
</table>

How can I supercharge my degree?

Advanced coursework + major project (Bachelor of Advanced Studies only)
Challenge yourself through advanced units of study and work across disciplines as you complete a substantial community, entrepreneurship, industry or research project, or undertake an honours year.

<table>
