Be sure to include information about your role in creating the music submitted (instruments played, sound engineering, production, song writing).
Composition for Creative Industries

**Bachelor of Music**

You will submit a portfolio of three creative works and attend an interview.

The three works must be of contrasting style and media that may include a combination of original works and arrangements of existing works. For example: original concert works, arrangements for ensembles and bands, film scores, notated songs. Works may be presented as a combination of scores and audio/video or both.

Here are some examples of how your portfolio may look:

1. Eg 1. Work 1: score and recording | Work 2: score only | Work 3: audio/video only
2. Eg 2. Work 1: score only | Work 2: score only | Work 3: audio/video only
3. Eg 3. Work 1: score only | Work 2: audio/video only | Work 3: audio/video only

The three works must be of contrasting style or media. For example: electroacoustic, film, game, sound-design, electronic music.

All works must be submitted as audio or video. Inclusion of complementary scores is optional.

Here is an example of how your portfolio may look:

**Improvised Music**

**Bachelor of Music**

You will submit a written half-page statement describing your musical experience and reasons why you would like to study Improvised Music.

You will attend a live audition of approximately 20 minutes. If you are an interstate or international applicant and cannot attend in person, you may submit audition material as a video online. The recordings must be no older than six weeks at the time of submission, audio-only recordings will not be accepted.

In the audition, you will be provided with Conservatorium jazz and improvised music staff accompaniment of guitar/piano and drums. Pre-recorded electronic backing can also be used and a sound system will be available in the audition studio.

All applicants should bring a simple lead sheet for their prepared work for the accompanists that
includes chord symbols, a clearly marked form and time signature.

Please prepare the following listed musical items to play and improvise on at your interview-audition.

1. Two Pieces: duration 2-3 minutes (all applicants)

Prepare two pieces to perform that demonstrate your range of musicality. Use electronic and/or live accompaniment if required.

- A prepared short piece of your choosing including improvisation, with accompaniment if required.
- A prepared drone piece, based on improvisation either in free time or with pulse.

2. Technical - Vocalists & Instrumentalists

Prepare to demonstrate your knowledge of all Major and Minor scales, triads and arpeggios:

- Triads: Major/minor/diminished/augmented triads.
- Arpeggios: Maj7/min7/dom7/dim7 and m7b5 arpeggios.
- Scales: Major / harmonic minor/ Melodic minor ascending/ maj-minor pentatonic

Drum Kit, amplifiers, pianos and vibraphones are provided.

3. Technical - Drummers

You are required to present:

- Demonstration of grooves/styles. Candidates will be asked to play the following feels at an appropriate tempo range: bossa nova, mambo, medium swing (brushes), medium/fast swing (brushes), fast swing (sticks), shuffle (sticks), straight 8’s, and a groove in an add-time (5/4, 6/4, 7/4, 9/4) or compound meter (12/8, 6/8, 9/8).
- You will be assessed on consistency of time and feel, dynamics and the authenticity of the various feels.

Drummers should bring their own cymbals and hi-hat clutch, and bassist and guitarists should bring their own leads.

3. Three Rhythmic/Melodic Phrases (all applicants)

Three musical rhythmic phrases are notated 1-3 on the following page, each in treble and bass clefs.

Please prepare your playing of each of these phrases with a metronome and in the clef that suits your instrument. Adjust the metronome setting to a slower tempo for thorough practice. An important aspect of the studies of Improvised Music at the Sydney Conservatorium is to develop a fundamental awareness and capacity to articulate rhythm.

In the audition after first playing the written phrase, the accompanists will keep repeating the phrase for you to improvise musical sounds in any manner that you feel is associated with the repeated played phrase. You will be joined by staff musicians in the playing of these phrases in the audition and interview. Each phrase will repeat many times, providing you with an opportunity to develop rhythmic and melodic improvisations.
Musicology

**Bachelor of Music** 513400
**Bachelor of Music (Music Education)** 513410

You will submit one or two examples of your recent written work and attend an interview.

In your interview you will discuss your interest in musicology and your commitment to musical research. On the basis of the written work and the interview, the Conservatorium will assess your suitability for the course here, and your potential for musicology, whether as a professional musicologist or in a related profession such as teaching, music administration or music journalism.

Your sample of written work should demonstrate your ability to write in a reasonably formal style, to synthesise the work of others and ideally, to contribute your own ideas to the discussion. You may, for example, submit a final year school essay, or choose to prepare something new. Music-related topics are preferred.

**Drummers**

1. **A jazz standard from song list for jazz auditions:** You will set the tempo of the tune and will perform in a trio setting (with bass and either piano or guitar) with the following format: one chorus of trio playing the melody; one chorus piano or guitar solo (bass and drums accompanying); one chorus drum solo over the form of the tune; and there is no need to play the melody again at the end of the tune. You should demonstrate accompanying skills, good “time” and “feel” and ability to solo in a style appropriate to the chosen tune.

2. **The 12-bar blues:** A specific blues melody is not required. You will perform a 12-bar blues in a trio setting, the tempo of which will be set by the audition panel in the format of four choruses of trio playing, followed by four choruses of four bar exchanges, i.e. four bars piano, bass and drums, four bars drums, etc. You will be assessed on time, feel and stylistic appropriateness.

3. **Sight reading test:** You will be asked to sight read a short drum chart which will be played with the bass and piano or guitar. The chart will be in typical big-band style with figures or “hits” above the stave, etc. You will be assessed on accuracy, interpretation, dynamics and fluidity.

4. **Grooves/Styles:** You will be asked to play the following feels at an appropriate tempo
range: bossa nova, mambo, ballad (brushes), medium swing (brushes), medium/fast swing (brushes), jazz waltz and fast swing (sticks). You will be assessed on consistency of time and feel, dynamics and the authenticity of the various feels.

**Instrumental**

1. **A jazz standard from the list of songs below:** You should perform the melody in a jazz style and one or two choruses of improvisation over the form of the tune. There is no need to play the melody again at the end of the tune. Bassists should be able to perform the melody and walk through the chord changes, as well as solo. Guitarists and pianists should be able to demonstrate accompanying skills by playing behind a bass or piano solo as appropriate.

   **Song List:** Autumn Leaves (Kosma/Mercer), All The Things You Are (Jerome Kern), Stella By Starlight (Victor Young), I Love You (Cole Porter), On Green Dolphin Street (B. Kaper), Take The A Train (Duke Ellington), In A Mellow Tone (Duke Ellington), It Could Happen To You (J. Van Heusen), There Is No Greater Love (Marty Symes/Isham Jones), Someday My Prince Will Come (Frank Churchill) and What Is This Thing Called Love (Cole Porter).

2. **The 12-bar blues:** A specific jazz blues melody is not required. You should solo in jazz style for three choruses on the 12-bar blues with chord changes in three consecutive chromatic keys. For example, first chorus in C, modulating up a semitone to Db for the second chorus, modulating up a semitone to D for the third chorus. The keys chosen may not be C, Db and D. You are strongly advised to know the blues in all 12 keys. Suggested 12-bar blues chord progression:

\[
| C7 | F7 | C7 | F7 | C7 F7 | E-7 A7 | D-7 | G7 | C7 | D-7 G7 |
\]

The above example is in C and needs to be transposed to other keys, and the last bar needs to be raised by a semitone to transpose into a key centre a semitone higher, as per the blues audition requirement. In the above example, the last bar should be Eb- 7/Ab7 to arrive at Db7.

3. **Scales and arpeggios (technical exam):** You will be asked to play the major scale, the melodic minor and harmonic minor scale in any or all of the 12 keys and the arpeggios of the various chord types drawn from the following: major, major 7, dominant 7, minor, minor 7, minor 7b5, diminished, diminished 7 and augmented in any of the 12 key tonalities.

4. **Sight reading:** You will be asked to sight read the melody of a jazz standard, play it in an appropriate jazz style and then improvise a solo of the chord changes for one chorus to demonstrate the ability to read musical notation as well as follow and interpret a set of chord changes.

**Vocal**

1. **You will sing two jazz standards—one swing or bossa nova and one jazz ballad from the lists below:**

   **Swing and Bossa Nova:** Autumn Leaves (Kosma/Mercer), All The Things You Are (Jerome Kern), Stella By Starlight (Victor Young), Our Love Is Here To Stay (George Gershwin), I Love You (Cole Porter), On Green Dolphin Street (B. Kaper), Take The A Train (Duke Ellington), Satin Doll (Duke Ellington), It Could Happen To You (J. Van Heusen), Someday My Prince Will Come (Frank Churchill), What Is This Thing Called Love (Cole Porter), Corcovado (A.C. Jobim) and Triste (A.C. Jobim).

   **Jazz Ballads:** My Funny Valentine (Rodgers and Hart), But Beautiful (J. Van Heusen), My Foolish Heart (V. Young), Polkadots and Moonbeams (J. Van Heusen), Darn That Dream (J. Van Heusen), When Sunny Gets Blue (Segal & Fisher) and Body and Soul (J. Green).

2. **Scales:** You must be able to sing the major, melodic minor and harmonic minor scales.
3. **Sight Reading**: You must be able to accurately read a written melody that will take into account your voice type and range.

**Jazz Aptitude Test**

You will also complete the Jazz Aptitude Test which is used to determine your suitability for entry.

- The test will last for approximately one hour and will be held on the same day as your live audition
- The test assesses general music skills and knowledge of the history and construction of jazz
- Questions will range from the historically based, such as associating an instrument with a performer, to an aural component covering meter, pitch, rhythm and harmony primarily composed of listening questions
- The aural component of the test will consist of ten intervals up to and including a ninth; ten chords drawn from major, minor, augmented, diminished and dominant chord families; and you should identify all extensions and alterations as appropriate

**Audition preparation workshop**

If you are planning to audition in jazz, be well informed about the audition requirements and process so you can achieve your best result in this highly competitive field.
