May 2013

OLT Seed project applications workshop

A workshop for those interested in submitting applications for Seed Projects in the second round of OLT grants will be held **1-3pm Friday 17 May in New Law 340**. To register for the workshop please click [here](#).

The second round of learning and teaching grants being offered by the OLT this year is for Seed Projects and the development of successful EOIs from the first round into full proposals only.

There was exceptionally strong competition in the first round. Congratulations to the leaders and teams of the five EOIs from Sydney selected to submit full proposals from an unprecedented number of applications.

No other applications will be considered in this round but the OLT has indicated there will be a third round for applications for Innovation and Development, and Excellence in Learning and Teaching Program grants in 2013. The date has not yet been announced.
