Publications for David Lowe

2017

Lowe, D., Liu, Z. (2017). Potential for utilising head-mounted displays (HMDs) for augmenting laboratories. 4th Experiment at International Conference (exp.at 2017), Piscataway: Institute of Electrical and Electronics Engineers (IEEE).

2016

2015

2013

Boles, W., King, R., Hadgraft, R., Lowe, D. (2013). Creating efficiencies in teaching: Where are the right resources when you
need them? 24th Annual Conference of the Australasian Association for Engineering Education (AAEE 2013), Gold Coast: Australasian Association for Engineering Education.

2012

2011

2010

International Conference on Remote Engineering and Virtual Instrumentation (2010), Sweden: Kassel University Press.

2009

2008

Lowe, D., Murray, S., Lindsay, E., Liu, D., Bright, C. (2008). Reflecting Professional Reality in Remote Laboratory
Experiences. 5th International Conference on Remote Engineering and Virtual Instrumentation (REV 2008), Germany: REV.
