2018

2017

2016

Minasian, R., Yi, X., Li, L. (2016). Microwave photonic processing of high-speed microwave signals. 18th International Conference on Transparent Optical Networks (ICTON 2016), Piscataway: Institute of Electrical and Electronics Engineers (IEEE). <a href="http://dx.doi.org/10.1109/ICTON.2016.7550273">[More Information]</a>

Song, S., Yi, X., Chew, S., Li, L., Nguyen, L., Minasian, R.

**2015**

**2014**

Altaqi, A., Chan, E., Minasian, R. (2014). Wideband microwave photonic downconverters with high dynamic range and high conversion efficiency. 16th International Conference on Transparent Optical Networks, ICTON 2014, Warsaw, Poland: Institute of Electrical and Electronics Engineers (IEEE).

2013

Minasian, R., Chan, E., Yi, X. (2013). Advances in optoelectronic approaches for widespread and programmable processing of ultrafast signals. 6th International Conference on Advanced Optoelectronics and Lasers (CAOL 2013), Ukraine: Institute of Electrical and Electronics Engineers (IEEE).

2011

2010

Chen, E., Minasian, R. (2010). Tuneable High-Q Microwave Photonic Bandpass Filter without Coherent Interference Limitations. 40th European Microwave Conference (EuMC 2010), Paris: Institute of Electrical and Electronics Engineers (IEEE).

2009

**2008**

**2007**

**2005**

**2004**
