Almqvist, C., Garden, F., Xuan, W., Mihrshahi, S., Leader, S.,
Oddy, W., Webb, K., Marks, G. (2007). Omega-3 and omega-6 fatty acid exposure from early life does not affect atopy and asthma at age 5 years. *Journal of Allergy and Clinical Immunology*, 119(6), 1438-1444. [More Information]

Marks, G., Mihrshahi, S., Kemp, A., Tovey, E., Webb, K., Almqvist, C., Ampon, R., Crisafulli, D., Belousova, E., Mellis, C., Peat, J., Leeder, S. (2007). Prevention of asthma during the first five years of life: a randomised controlled trial of house dust mite avoidance and dietary fatty acid modification. *17th ASCIA Annual Scientific Meeting*, Australia: Wiley-Blackwell Publishing.

Almqvist, C., Garden, F., Kemp, A., Li, J., Mihrshahi, S., Tovey, E., Xuan, W., Marks, G. (2006). Cat ownership decreases the risk of atopy in children in a cohort without disease-related modification of exposure. *17th ASCIA Annual Scientific Meeting*, Australia: Wiley-Blackwell Publishing.

Marks, G., Mihrshahi, S., Kemp, A., Tovey, E., Webb, K., Almqvist, C., Ampon, R., Crisafulli, D., Belousova, E., Mellis, C., Peat, J., Leeder, S. (2006). Prevention of asthma during the first 5 years of life: A randomized controlled trial. *Journal of Allergy and Clinical Immunology*, 118(1), 53-61. [More Information]

Almqvist, C., Garden, F., Kemp, A., Mihrshahi, S., Tovey, E., Xuan, W., Marks, G. (2006). The cat's grin is the same if it lives only outdoors. *Respirology*, 11(S2), A34.

Peat, J., Mihrshahi, S., Ampon, R., Tovey, E., Marks, G., Mellis, C. (2004). Effect of Allergen Concentrations on Symptoms of Asthma at 18 months. *Pediatric Asthma, Allergy and Immunology*, 17(4), 237-243.

Peat, J., Mihrshahi, S., Kemp, A., Marks, G., Tovey, E., Webb, K., Mellis, C., Leeder, S. (2004). Three-Year Outcomes Of Dietary Fatty Acid Modification And House Dust Mite Reduction In The Childhood Asthma Prevention Study. *Journal of Allergy and Clinical Immunology*, 114(4), 807-813. [More Information]

2003

Crisafulli, D., Mihrshahi, S., Peat, J., Tovey, E. (2003). Effectiveness of an intervention to reduce house dust mite allergen in children’s™ beds over three years. *Respirology*, 9(S2), A5.

2002

Mihrshahi, S., Marks, G., Criss, S., Tovey, E., Vanlaar, C., Peat, J. (2003). Effectiveness of an intervention to reduce house dust mite allergen levels in children's beds. *Allergy*, 58(8), 784-789.

2001

Mihrshahi, S., Marks, G., Ampon, R., Mellis, C., Tovey, E., Webb, K., Britton, W., Leeder, S. (2003). Eighteen-month outcomes of house dust mite avoidance and dietary fatty acid modification in the Childhood Asthma Prevention Study (CAPS). *Journal of Allergy and Clinical Immunology*, 111(1), 162-168. [More Information]

Mihrshahi, S., Peat, J., Marks, G., Mellis, C., Tovey, E., Leeder, S. (2002). Effects of house dust mite avoidance and dietary fatty acid modification during the first 18 months of life. *American Journal of Respiratory and Critical Care Medicine*, 165(8), A244.

Mihrshahi, S., Marks, G., Vanlaar, C., Tovey, E., Peat, J. (2002). Are you busy for the next 5 years? Recruitment in the Childhood Asthma Prevention Study (CAPS). *Respirology*, 7(2), 147-151.

Mihrshahi, S., Marks, G., Mellis, C., Webb, K., Tovey, E., Leeder, S. (2002). Eighteen-month outcomes of house dust mite avoidance and dietary fatty acid modification in children’s beds over three years. *Respirology*, 9(S2), A31.

2000

Mihrshahi, S., Mihrshahi, S., Mellis, C., Tovey, E., Leeder, S. (2000). Three-Year Outcomes Of Dietary Fatty Acid Modification And House Dust Mite Reduction In The Childhood Asthma Prevention Study (CAPS). *Respirology*, 5(2), 137-142.

2001

Mihrshahi, S., Peat, J., Webb, K., Tovey, E., Marks, G., Mellis, C., Leeder, S. (2001). The childhood asthma prevention study (CAPS): design and research protocol of a randomized trial for...
the primary prevention of asthma. Contemporary Clinical Trials, 22(3), 333-354.
