Publications for Garth Tarr

2019
Wang, K., Menzies, A., Silva, I., Wilmott, J., Yan, Y.,
Wongchenko, M., Kefford, R., Scolyer, R., Long, G., Tarr, G.,
Mueller, S., Yang, J. (2019). bcGST: an interactive bias-
correction method to identify over-represented gene-sets in
boutique arrays. Bioinformatics, September 2018 (Epub ahead
of print), 1-8. <a href="http://dx.doi.org/10.1093/bioinformatics/bty783">[More
Information]</a>

2018
for Graphical Model Stability and Variable Selection
Procedures. Journal of Statistical Software, 83(9), 1-28. <a
href="http://dx.doi.org/10.18637/jss.v083.i09">[More
Information]</a>

Polkinghorne, R., Philpott, J., Perovic, J., Lau, J., Davies, L.,
The effect of packaging on consumer eating quality of beef.
Information]</a>

2017
Relationships between marbling measures across principal
muscles. Meat Science, 123, 67-78. <a
href="http://dx.doi.org/10.1016/j.meatsci.2016.09.005">[More
Information]</a>

2016
precision matrices under cellwise
contamination. Computational Statistics and Data Analysis, 93,
404-420. <a href="http://dx.doi.org/10.1016/j.csda.2015.02.005">[More
Information]</a>

2015
A Start to Fostering Knowledge, Skills and Attitudes to Ensure
Inclusive Teaching Environments. 12th annual conference of
the International Society for the Scholarship of Teaching and
Learning. International Society for the Scholarship of Teaching
and Learning.

effects of peer learning on students’ academic achievement in
first-year business statistics. Studies in Higher Education,
40(10), 1808-1828. <a href="http://dx.doi.org/10.1080/03075079.2014.916671">[More
Information]</a>

symposium to celebrate Neville C. Weber. Statistical Society of
Australia. Newsletter, 151, 10-12.

Tarr, G. (2015). Quantile based estimation of scale and
dependence. Bulletin of the Australian Mathematical Society,
92(1), 173-175. <a href="http://dx.doi.org/10.1017/S0004972715000283">[More
Information]</a>

symmetric quantiles under long range dependence. Statistics
Information]</a>

2014
Knowing your students: An approach to encourage pedagogical
creativity and change. International Society for the Scholarship
of Teaching and Learning (ISSOTL), Not applicable: Not
applicable.

2013
International Conference on Robust Statistics, Valladolid,
Spain: Universidad de Valladolid.

Tarr, G. (2013). Robust covariance estimation via quantiles of
pairwise means and applications. International Conference on
Robust Statistics.

Australian Statistical Conference, Collingwood, Australia: CSIRO
Publishing.

Tarr, G. (2013), Robust estimation of scale and covariance with
Pn and its application to PCA. University of NSW, School of
Mathematics and Statistics Seminar, Sydney, Australia.

Tarr, G. (2013), Robust estimation of scale and covariance with
Pn and its application to precision matrix estimation.
University of Sydney, School of Mathematics and Statistics
Seminar, Sydney, Australia.

European Meeting of Statisticians.

Tarr, G. (2013). Robust scale estimation with extensions. Young
Statisticians Conference, Melbourne, Australia: University of
Melbourne.

2012
estimator based on pairwise means. Journal of Nonparametric
Information]</a>

regression confidence intervals. Journal of Statistical
Computation and Simulation, 82(1), 81-94. <a
href="http://dx.doi.org/10.1080/00949655.2010.5094655.10.527844">[More
Information]</a>

2009
Tarr, G. (2009). Quantile regression confidence intervals:
theoretical exposition and empirical findings. 2009 Young
Statisticians Conference, Collingwood, Australia: CSIRO
Publishing.
