2018

Hall, R., Mahar, J., Read, A., Mourant, R., Piper, M., Huang, N., Strive, T. (2018). A strain-specific multiplex RT-PCR for Australian rabbit haemorrhagic disease viruses uncovers a new recombinant virus variant in rabbits and hares. *Transboundary and Emerging Diseases*, 65(2), e444-e456. [More Information]

Mahar, J., Read, A., Gu, X., Urakova, N., Mourant, R., Piper, M., Haboury, S., Holmes, E., Strive, T., Hall, R. (2018). Detection and Circulation of a Novel Rabbit Hemorrhagic Disease Virus in Australia. *Emerging Infectious Diseases*, 24(1), 22-31. [More Information]

Mahar, J., Hall, R., Peacock, D., Kovaliski, J., Piper, M., Mourant, R., Huang, N., Campbell, S., Gu, X., Read, A., Holmes, E., et al (2018). Rabbit Hemorrhagic Disease Virus 2 (RHDV2; GI.2) Is Replacing Endemic Strains of RHDV in the Australian Landscape within 18 Months of Its Arrival. *Journal of Virology*, 92(2), 1-15. [More Information]

2017

Nicholson, L., Mahar, J., Strive, T., Zheng, T., Holmes, E., Ward, V., Duckworth, J. (2017). Benign Rabbit Calicivirus in New Zealand. *Applied and Environmental Microbiology*, 83(11), e00090-17. [More Information]

Le Pendu, J., Abrantes, J., Bertagnoli, S., Guitton, J., Le Gall-Recule, G., Lopes, A., Marchandeu, S., Alda, F., Almeida, T., Celio, A., Eden, J., Mahar, J., et al (2017). Proposal for a unified classification system and nomenclature of lagoviruses. *Journal of General Virology*, 98(7), 1658-1666. [More Information]

2016

Mahar, J., Nicholson, L., Eden, J., Duchene, S., Kerr, P., Duckworth, J., Ward, V., Holmes, E., Strive, T. (2016). Benign Rabbit Caliciviruses Exhibit Evolutionary Dynamics Similar to Those of Their Virulent Relatives. *Journal of Virology*, 90(20), 9317-9329. [More Information]

2015

Hall, R., Mahar, J., Haboury, S., Stevens, V., Holmes, E., Strive, T. (2015). Emerging Rabbit Hemorrhagic Disease Virus 2 (RHDVb), Australia. *Emerging Infectious Diseases*, 21(12), 2276-2278. [More Information]
