

30TH AUSTRALIAN POULTRY SCIENCE SYMPOSIUM

17-20 FEB 2019

APSS 2019

Paper Submission Portal is **OPEN...**

<https://www.apss2019.com.au/paper-submission>

The Australian Poultry Science Symposium is the premier avian science conference in Australia and attracts delegates from across Australia and from all around the World. Over 70+ peer reviewed papers and posters will be presented across the 3 day event. With the submission portal only open for 2 months this year, it's important that those who hope to be included in next year's symposium, start thinking about writing up and submitting your papers.

Please remember that once your paper has been accepted, you must make the commitment to attend and present your paper at APSS 2019. Authors who fail to register by the Author Registration Deadline, will have their paper removed from the program and will not be published the the APSS Proceedings.

IMPORTANT KEY DATES FOR AUTHORS:

2nd July, 2018 – Paper Submission Portal Opens

- Full paper submission can be submitted by visiting our website, creating an account and uploading your paper to our online platform.

31st August, 2018 – Paper Submission Portal Closes (at Midnight AEST)

- Full paper submission deadline, acceptance of submissions made after this date will be at the discretion of the Organising Committee.

1st October, 2018 – Online Registration Portal Opens

- Credit card payment will be required when registering online. If you are unable to register online or need to register prior to October for visa purposes, please contact Jo-Ann Geist for a manual registration form.

14th December, 2018 – Author Registration Deadline

- Registraton to be completed by authors with accepted papers for presentation otherwise they will be withdrawn from the program.
